Mayor goes on city rounds on a scooter

Newly-elected Mayor Shivakumar rides pillion on a scooter during city rounds this morning.

Mysuru, Sept. 9 (RK&BCT)- Mayor Shivakumar earned some claps and curious looks during his city rounds on a two-wheeler this morning. He rode around the city on a scooter driven by his relative L. Nagesh to inspect the pothole-ridden roads right in the heart of the city.

He hopped on the two-wheeler (Activa) and rode areas that are frequented by tourists and people and this was his first city round after taking charge. The scooter covered places including the Mysore Palace, K.R. Circle, Jayachamaraja Wadiyar Circle and Patashala Circle. Corporator Pramila Bharat was present at the starting point.

The curious public stared at the Mayor riding pillion and many recognised and waved at him. "Now I have my official car but before that, I was going around the city on a two-wheeler and I like travelling on that. I used to frequent Sunnadakeri — the place I was born and brought up and elected — and meet several of my supporters and old-timers," Shivakumar told *Star of Mysore*.

"I wanted to see how the two-wheeler riders feel while riding on a bad stretch around the Palace and surrounding areas. Today, I had a first-hand experience of their issues. I'll make sure all the roads are restored and made commutable," he added.

The 1980 Dasara hoarding

With just 17 days to go for Grand Dasara-2022, the citizens are complaining of flooding, bad roads, stinking garbage heaps and what have you... When such is the pathetic situation the cultural city is in, one of our oldest and ardent readers Ashvini Ranjan writes about the unique hoarding that he had put up on the main Dasara procession route to coincide with Dasara-1980. EDITOR'S BOTTOMLINE

It is tempting to think that specific Government interventions for water/fuel will save women from domestic drudgery. For instance, in Banaskantha, Gujarat, researchers found that when indoor piped water supply is coupled with job opportunities through micro-enterprises, time released from water collection is converted into income earned. But such opportunities are out of reach for millions. Ashoka University's Ashwini Deshpande and Jitendra Singh argue that the decline in the female labour force participation rate to 17% from 35% in the mid-2000s is because of demand-side problems in the employment market. The broader issue is India's economic growth and the sluggish growth in employment opportunities.

India has come a long way in 75 years, now with its second woman President and accomplished women in every field. Yet, women are often paraded as brand ambassadors for household appliances. Even their hard-won struggles against domestic work are usually because of other women supplementing their efforts. There is no silver bullet to freeing women from drudgery. While restructuring household roles and responsibilities would be ideal such that men contribute equally at home, a more systematic investment, driven by sustained economic growth and better state capacity, in delivery of quasi-public goods is also essential.

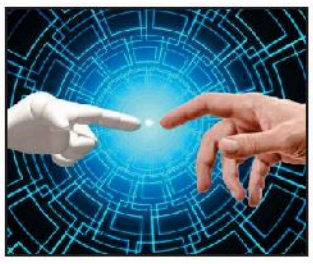
Company appoints AI-powered virtual robot as CEO

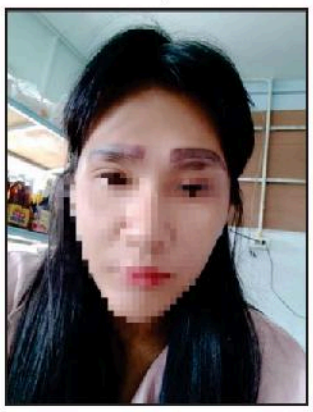


Beijing: Metaverse company NetDragon Websoft in China recently made history by appointing an AI-powered virtual humanoid robot as its CEO.

The new AI-powered CEO, known as 'Ms Tang Yu', will reportedly be at the forefront of Fujian NetDragon Websoft's "organisational and efficiency department," overseeing operations at the technology company valued at almost 10 billion dollars. The board of NetDragon Websoft apparently believes that artificial intelligence is the future of corporate management, and the appointment of Ms. Tang Yu is a symbolic commitment to embrace the use of AI and change the way the company does business.

No detailed information about the AI-powered CEO has been revealed so far, but the controversial news has sparked a heated debate on social media around the concept of machines taking over humans' jobs.

Botched tattoo leaves woman with double eyebrows



Rayong: A botched eyebrow tattoo procedure in Thailand has left a young woman to walk around with two pairs of eyebrows on her face for over a year.

32-year-old woman from Thailand, who has been living a nightmare because of a botched tattoo job. About a year ago, Nipapron Meeking paid 1,500 THB (41 dollars) at a tiny hole-in-the-wall beauty clinic in Rayong province, eastern Thailand, hoping to walk out with a thick, well-defined pair of eyebrows. She got what she paid for, only the fake eyebrows didn't cover her real ones, they stood above them...

REALLY...?

- *Ancient Sanskrit literature from India mentions feasts and offerings of mithas (sweet). Rigveda mentions a sweet cake made of barley called apūpa, where barley flour was either fried in ghee or boiled in water, and then dipped in honey. Malpua preserves both the name and the essentials of this preparation.*
- *The United States invented chewing gum and candyfloss, England imagined the 'lolly' as a ball of sugar on the end of a stick, Mexico came up with chili pepper candy, a speciality that didn't make it across the Atlantic.*

VOICE OF THE READER

Flooding: Soon Mysuru may go the Bengaluru way?

Sir,

Bengaluru is in the news for the city is drowning due to unprecedented rains. As per India Meteorological Department (IMD), the city saw third heaviest rainfall in 75 years at 13.16 cm in 12 hours.

This is not the first time such heavy rains have happened for IMD record shows earlier it happened in 1988 and 2014. This time it did not spare even Vidhana Soudha. The result is that the rain has created havoc turning many roads in upscale areas as canals and the famous IT area has now virtually become like Venice where travelling is done by inflatable boats.

The real fact is the cumulative effect of successive Governments behaving like Dhritarashtra, blind to reasons that they themselves were responsible in bringing about.

Bengaluru had many Lakes and over the years they were systematically allowed to be encroached upon by real estate mafia and as a result, flood absorption capacity to moderate flooding was destroyed.

Besides, there was neglect of maintenance cycle of regular pre-monsoon-post monsoon drainage that worsened the situation. This was done by creating a safety net of nexus of politicians-bureaucrats-engineers-real estate mafia for personal gain.

Now Raja Kaluves in every city has become a main highway with buildings by powerful people whom they dare not touch. Of course, we the people are helplessly watching.

Now Mysuru is only 75 minutes away from Bengaluru and wonder how soon it will go the Bengaluru way for all symptoms are the same!

Dasara elephants weighed

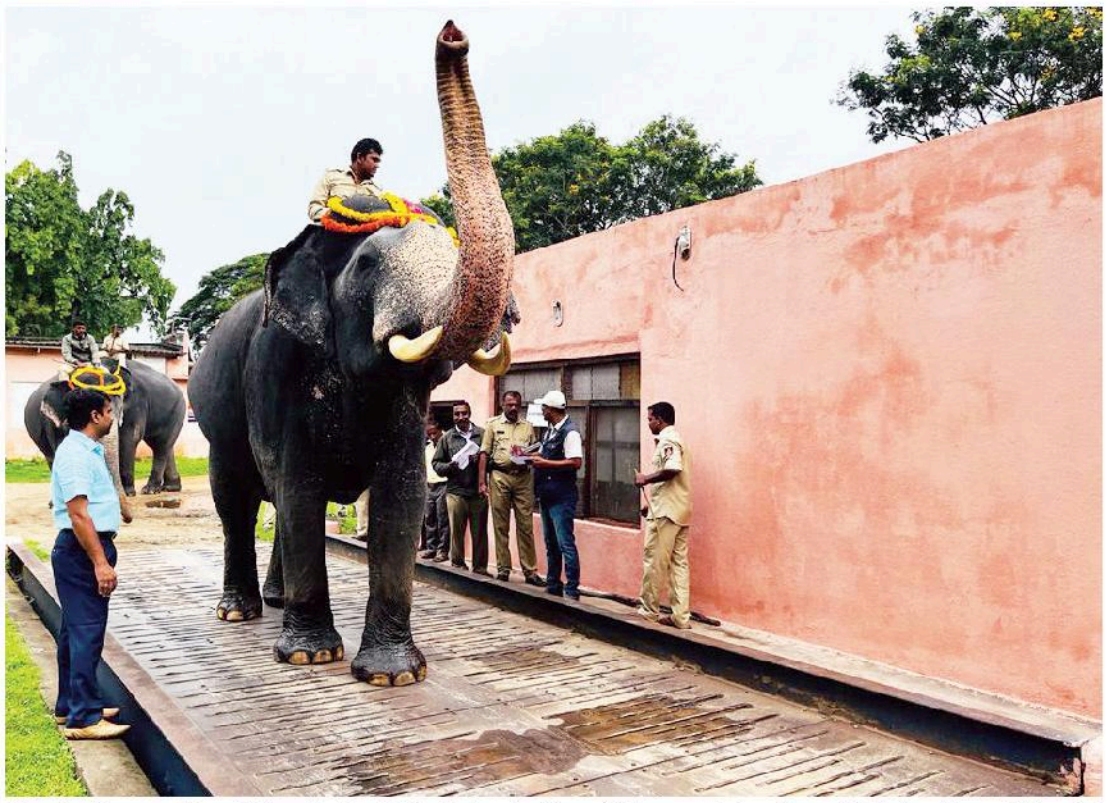
- Veteran Arjuna still mightiest at 5,950 kg
- Howdah elephant Abhimanyu needs 950 kgs more to match Arjuna

Mysuru, Sept. 9 (MTY&KS)- The weight checking for all 14 Dasara elephants was held at Sairam and Co., 40 tonnes Electronic Weighing Services on Dhanvantri Road here this morning.

While it is the second weight check for the nine Dasara elephants, which arrived in the first batch on Aug. 7 and their weight checked on Aug. 11, the second batch of five elephants, which arrived on Sept. 7, underwent weight checking today.

Arjuna, the 63-year-old senior Dasara elephant, who weighed 5,775 kg on Aug. 11, weighed 5,950 kg today. He has gained 175 kgs in 29 days and remains the mightiest. He is followed by 39-year-old Gopalaswamy with 5,460 kg (5,140 kg on Aug. 11), thus gaining 320 kg more weight. Howdah elephant 57-year-old Abhimanyu stands third with 5,000 kg (4,770 kg earlier), an increase of 230 kg. Abhimanyu has to gain 950 kg more tomatch Arjuna.

The weights of other first batch Dasara elephants are: 22-year-old Bheema- 4,345 kg (3,920 kg), an increase of 425 kg; 39-year-old Mahendra – 4,450 kg (4,250 kg), an increase of 200 kg; 44-year-old Dhananjaya – 4,890 kg (4,810 kg), an increase of 80 kg; 45-year-old Kaveri – 3,245 kg (3,105 kg), an increase of 140 kg; 49-year-old Chaitra – 3,235 kg (3,050 kg), an increase of 185 kg and 21-year-old Lakshmi – 3,150 kg (2,920 kg), an increase of 230 kg.



Deputy Conservator of Forests Dr. V. Karikalan (in blue shirt) supervising the weight checking of Howdah Elephant Abhimanyu at the electronic weighing bridge on Dhanvantri Road here this morning.

The weights of second batch of five elephants are: 40-year-old Srirama – 4,475 kg, 18-year-old Parthasarathy – 3,445 kg, 41-year-old Gopi – 4,670 kg, 40-year-old Sugreeva – 4,785 kg and 63-year-old Vijaya weighed 2,760 kg.

Bheema, housed in Mathigodu Elephant Camp, was seriously injured when a wild elephant had attacked him in 2018. He was unable to digest the food properly despite recovering from the injuries. But now, he is the one who had gained more weight (425 kg). This shows that he is healthy and has a good digestion power now as he is capable of digesting the special diet given to him.

Earlier, all the 14 Dasara elephants were brought out from Balarama Gate and they marched via Chamaraja Circle, K.R. Circle, Sayyaji Rao Road and Dhanvantri Road to reach the weighing bridge. On completion of weight checking, the elephants passed through J.K. Grounds, Irwin Road, Government Ayurveda Hospital Circle, Sayyaji Rao Road, K.R. Circle, Chamaraja Circle and entered the Palace through the Balarama Gate.

Deputy Conservator of Forests (DCF) Dr. V. Karikalan, Range Forest Officer (RFO) Santosh Hugar, Veterinarian Dr. Mujeeb, elephant caretakers Rangaraju and Akram and others were present.

Twist in the honey trap tale of Mandya jeweller Jagannath Shetty

Audio, video clips of him getting caught in lodge room go viral

Mandya, Sept. 9- The honey trap tale of Mandya jeweller Jagannath Shetty has taken a twist following two audio clips of his intimate talks with the girl student and three video clips of him being caught with the girl at a lodge room in Mysuru going viral on social media. Also, the statements in his compliant to the Police and what actually took place is different.

Shetty, who had lodged a complaint with Mandya West Police after six months of the incident, had stated that on Feb. 26, when he was waiting at Mandya Bus Stand to take a bus to Mysuru as he had booked a ticket to go to Mangaluru, four persons including Salma Banu and Jayanth, who came in a car, spoke with him as if they knew him, offered to drop him to Mysuru in their car and took him.

Upon reaching Mysuru, the car occupants told him that their friend had brought a gold biscuit to sell and requested him to test the genuineness of the gold biscuit.

They then took him to the lodge and on entering the room, he saw a woman in the room and all of a sudden Salma Banu, Jayanth and four others barged into the room and one of them saying that the woman was his sister assaulted him. They then made a video of him with the woman and demanded Rs. 4 crore besides threatening to kill him.

The complaint further stated that the talks ended at about 2 am and the amount was settled for Rs. 50 lakh and only after he got the money from his friend and gave them, he was released the next day at about 11 am. Based on the complaint, Mandya West Police, who had registered a case, had arrested Salma Banu and three others.

The audio clips which have gone viral reveals that Shetty, introduces himself to the girl as a lecturer in Hubballi and even talks with the girl intimately. He also proposes to spend two days happily with her at a lodge in Mysuru and the girl accepts his proposal. Shetty also tells the girl to take a house on rent in Mysuru so that he could come and go once a week.

The video clips which have also gone viral shows Shetty sitting on the bed and the girl sitting on a chair during which three men barge into the room. One of them hit the girl on her head and later two persons assault Shetty. Later, Salma Banu enters the scene and reveals who Shetty actually is. She then humiliates him besides threatening that she would call the media, following which Shetty requests her not to do so.

One thing is true that Shetty was honey trapped. But the questions that remain are: Who introduced the girl to Shetty? Since when Shetty and the girl were in touch? Was Shetty honey trapped in his first meet? Or whether Shetty had met the girl earlier?

Ramsons' Dolls Show inaugurated ahead of Dasara

A doll show at Ramsons Bombe Mane on Nazarbad Main Road in city was inaugurated last evening by Krishnadevaraya, scion of erstwhile Royal House of Anegundi (of Vijayanagar empire). Picture left shows Kaveri Ponnapa, author, who was the chief guest, Krishnadevaraya, Star of Mysore Founder-Editor K.B. Ganapathy, Ramsons' Secretary R.G. Singh and Organiser Raghu Dharmendra. Picture right shows Krishnadevaraya and Kaveri Ponnapa, who were felicitated on the occasion.

Mysuru, Sept. 9 (MK&DM)- The 18th edition of the annual expo-cum-sale of exquisite and traditional dolls from across India began at Ramsons Bombe Mane located on Nazarbad Main Road here last evening.

Scion of erstwhile Royal House of Anegundi (of Vijayanagar empire), Krishnadevaraya, inaugurated the dolls exhibition organised by Ramsons Kala Pratishtana as part of Dasara festivities.

Speaking on the occasion, he said that dolls are universally adored and he was happy to see the vast collections here. Observing that the doll show is a thematic display for viewing pleasure of the connoisseur, he said that the show has many masterpieces.

Pointing out that the Bombe Mane also features all-time favourites as well as new additions, he said that the expo is a serious attempt to revive our fast vanishing cultures and traditions.

Noting that in the past dolls were being arranged in every household during Dasara, he bemoaned that all these practices are gradually being given up in the name of advancement and development.

Stressing on the need for reviving the glory of old traditions, Krishnadevaraya said that this will also help in passing on the rich traditions to the future generations.

Kaveri Ponnapa, author and independent writer on heritage, art and food, who unveiled the special display section at Ramsons Bombe Mane, described the myriad collection of dolls as an enduring tradition with a recorded history of at least four centuries. She also wanted everyone to visit this doll show at least once.

Though encouragement of arts and crafts is on the decline of late, she said that Mysuru has one of the country's best collections of dolls in Bombe Mane which features hundreds of dolls that encompass every facet of the country's socio-religious diversity.

Continuing, Kaveri Ponnapa said that Ramsons Bombe Mane has earned name and fame throughout the State for its vast of variety of collection of dolls mostly inspired by our epics and mythology.

Noting that she had seen this kind of doll show in Tamil Nadu, she said that she was told about the significance of all types of dolls on display at Bombe Mane by R. G. Singh of Ramsons.

Bemoaning that doll-making and the culture of collecting dolls is fast declining in our country, Kaveri said that we are showing dolls to our children through graphic arts which has become common these days, while at the same time we tend to ignore on educating them (children) with handmade dolls. In this backdrop, Ramsons is doing an excellent job in awakening curiosity among the general public on doll-making and the inexplicable beauty and magic that these dolls present. Through Bombe Mane, Ramsons also aims to cement a socio-religious bonding in the society, she added.

A female doll with a flower basket in its hands, hoisted overhead, showered jasmine flowers on the guests, who were also felicitated on the occasion.

Star of Mysore Founder-Editor K. B. Ganapathy, Ramsons' Secretary R.G. Singh, Organiser Raghu Dharmendra, Harinitha Singh and others were present.

The dolls exhibition will be on show throughout the year and is open for public from 10 am to 7 pm daily.

Devotion or Destruction?

Ganesha idols float and stink in canals

Hundreds of vehicles from Mysuru dump idols inside canals at Pump House near Srirangapatna

Srirangapatna, Sept. 9 (Vinay Karekura&BCT)- Despite a blanket ban on Plaster of Paris (PoP) Ganesha idols and the strict enforcement of the ban by the Mysuru City Corporation notwithstanding, hundreds of PoP idols are floating inside water canals in and around Srirangapatna. The RBLL canals from the Krishna Raja Sagar (KRS) Dam are located near Pump House

The floating of idols has raised the question of whether these people really follow the Hindu dharma. Pomp and gaiety are displayed during the idol installation and the daily pujas and other rituals are not shown when the idols are immersed. They are carelessly dumped in waterbodies, raising a stink.

Garbage is strewn all over the canal banks and deposited in the puddles along the banks, threatening the flora and fauna. Artificial pits created earlier along the canals and on their sides are also full of trash. The entire area is reeking of a foul smell.

Also, no one from the Panchayat or the Cauvery Neeravari Nigam Limited has come forward so far to clean up the canals even a week after the conclusion of the Ganesha Puja. Some local youths bought nets and started fishing out idols floating or submerged in the canal but their efforts are too little when compared to the magnitude of the idols discarded.

Careless and irresponsible disposal of idols generates a lot of waste in water bodies that leads to water pollution. The residue of flowers, fruits, and incense sticks in polythene bags creates dumps and gradually, stink spreads. As most of the idols are made with PoP, calcium sulphate hemihydrate materials, they take several months to get dissolved causing prolonged water pollution.

Local residents and villagers allege that hundreds of vehicles coming from Mysuru side have dumped idols in the canal. The water supplied through the canal reaches many tail-end farmers and the water is used for irrigation and also for drinking water purposes.

The colours that are used for decorating the idols mainly consist of lead and mercury which is highly toxic. It increases the acid component in water that destroys plants and marine life disturbing the overall ecosystem.

"Despite a wider acceptance of clay idols and awareness about the harm caused to aquatic life by PoP idols, many from Mysuru come here to dump their beloved God. This is an annual feature and so far, no action has been taken to prevent this menace," a resident said.

Ashvini Ranjan *Shivananda*

By Ashvini Ranjan

H.K. Shivananda, IAS, former Administrator of Mysore City Corporation (MCC) during 1980, recently wrote a three-part article titled ***'Reminiscences of Mysore City and Dasara Celebrations'*** in *Star of Mysore*.

The third part of the article appeared on Saturday, 3rd September 2022. In the article, Shivananda refers to seeing a hoarding during the 1980 Dasara celebrations, which carried the photo of late Jayachamaraja Wadiyar, the Maharaja of Mysore, at the corner of K.R. Circle. Our Mysore Maharaja died in 1974. Even though six years had passed at the time of erecting the hoarding, to us old Mysoreans, Dasara was not the same without him. The man was truly an epitome of grace!

To us he was *'Namma Maharajru.'* However grand the *Jumboo Savari* processions have been since then, his absence atop the royal elephant and seated inside the shimmering Golden Howdah, the event appears incomplete.

The mention of the hoarding in the article brought back memories to me. I was at that time a small businessman and the name of my business firm was 'Chanakya.' It was I who had composed the message and erected the hoarding measuring 20 feet by 10 feet.

Other than the photo of the late Maharaja, there were only three words in the hoarding which read **'WE MISS YOU.'** It was my way of paying tribute to the departed soul and expressing a feeling to a man who I admired immensely.

I was pleasantly surprised when late Krishna Vattam, then senior reporter of the *Deccan Herald* newspaper, interviewed me about the hoarding. I recall him telling me that in the three words **WE MISS YOU,** it had captured the sentiment of all Mysoreans.

When the photograph of the hoarding appeared in *Star of Mysore* then with a note by its Editor K.B. Ganapathy, it became a talking point in the city. I had not imagined a ubiquitous hoarding would get so much attention.

We miss you

Mr. S. GUNDU RAO

Our Chief Minister, "the thick-set, tall and mild-like" S. Gundu Rao gave an interview to the Managing Editor, Suman Dubey of India Today. Excerpts from the 90-minute interview during which Mr Rao "puffed 3 imported Dunhill Maurier Cigarettes" was published in the latest issue (Oct. 15-31) of India Today. We reproduce the questions and answers for the benefit of our readers who may not have read the interview.

A TIMELY REMEMBRANCE: The picture above shows a hoarding put up on the main Dasara Procession route Sayyaji Rao Road, (near the Small Clock Tower) by the proprietors of Chanakya Textile Show Room to coincide with the Dasara season.

The colourful hoarding with just three simple but highly sentimental words "We Miss You" alongside a portrait of the late Maharaja of Mysore, the late Jayachamarajendra Wodeyar, is presently attracting the attention of the passers by. While the old timers go nostalgic seeing the hoarding, the new generation seems to be raising its eyebrows.

The late Maharaja was a benevolent ruler and a familiar figure during the Dasara Procession (in fact the centre of attraction) for many many years. This year with the golden howda, on which the Maharaja used to sit during the procession, having been brought out for the first time in 10 years for the procession many indeed missed the Maharaja.

The hoarding perhaps expresses not only the feelings of the person who put it up but also that of those who loved and admired the late Maharaja.—EDITOR.

There is one interesting episode that is worth recalling. A group of Kannada protagonists approached me and insisted that I write a Kannada equivalent of 'WE MISS YOU.' I was in a fix. I finally agreed to heed to their wish if they could provide me a translation of the message that the hoarding carried not exceeding three words. They never came back!

Strangely, I had either lost or misplaced all the photographs of the hoarding. Where would one begin a search to find a 42 photo (42nd Street Photo was America's favourite Photo Store started as a family owned business in 1955 and located on 42nd Street) or a newspaper clipping?

There were no computers then to digitise information like we have today. The only way to preserving old documents had to be in the physical form. I Google searched the archives of the then dailies to find out if they had subsequently digitised the archives. The effort was in vain.

Then I contacted *Star of Mysore* Office to find out if they could trace it out from the old issue. Other than giving them the month of 1980 Dasara, I could not be of any further help. The four decades had taken its toll on my memory.

On the 5th of September, I saw a WhatsApp message from *SOM*. It had the photograph of the issue dated Thursday, 23rd October 1980. There it was, the picture of the hoarding I had put up which boldly said 'WE MISS YOU.' I was overwhelmed.

Truly admirable *Star of Mysore* for preserving such old issues of your newspaper. You helped me retrieve a memorable event in the past which I thought I had lost forever. Thank You STAR.

Queen Elizabeth II to lie in state in Westminster Hall before funeral

London, Sept. 9 (Agencies)- Hours after Britain's Queen Elizabeth II breathed her last in Scotland, her eldest son Charles had become King Charles III. He remained at the Balmoral Castle, the Queen's summer residence in Scotland, with his wife Camilla, the Queen Consort and is expected to address Britain on Friday.

The Queen was not keeping well of late and was under medical supervision. Buckingham Palace announced she died at Balmoral Castle where members of the royal family had rushed to her side after her health took a turn for the worse. The Queen had been suffering from what Buckingham Palace called "episodic mobility problems" since the end of last year.

After her coffin returns to London, the Queen will then lie in state in Westminster Hall for about four days before her funeral, allowing members of the public to file past.

The grand hall is the oldest part of the Palace of Westminster, at the heart of the British Government.

The last member of the Royal Family to lie in state in the hall was the Queen Mother in 2002, when more than 2,00,000 people queued to view her coffin. The Queen's coffin will rest on a raised platform, known as a catafalque, beneath the 11th Century hall's medieval timber roof. Each corner of the platform will be guarded by soldiers from units that serve the Royal Household.

Queen Elizabeth II

She will be brought to Westminster Hall from Buckingham Palace in a slow procession, accompanied by a military parade and members of the Royal Family. Her coffin will be draped in the Royal Standard and once in Westminster Hall, it will be topped with the Imperial State Crown, orb and sceptre.

The Queen's State funeral is expected to take place at Westminster Abbey in less than two weeks. The exact day will be confirmed by Buckingham Palace. The Abbey is the historic church where Britain's kings and queens are crowned, including the Queen's coronation in 1953, and where she married Prince Philip in 1947.

There hasn't been a monarch's funeral service in the Abbey since the 18th Century, although the funeral of the Queen's mother was held there in 2002. Heads of State from across the world will be flying in to join members of the Royal Family to remember the life and service of the Queen.

Ex-MLA Kempegowda passes away

Pandavapura, Sept. 9- Former Pandavapura MLA K. Kempegowda (96) passed away at his residence at Chinakurali in the taluk late on Wednesday night due to age-related illness.

Kempegowda

Kempegowda was an MLA for three terms winning on a Janata Party ticket for the first time in 1983, as an independent in 1985 and as a Congress candidate in 1999. He later quit the Congress and contested as a BJP Candidate in the 2008 Assembly polls from Melukote, which he lost. He stayed away from active politics later on.

He is survived by four sons, five daughters and a host of relatives and friends.

His last rites were performed at his farmland near Chinakurali on Thursday evening. Many political leaders including MLAs C.S. Puttaraju, G.T. Devegowda and M. Ashwin Kumar, MP Sumalatha Ambarish, Minister K.C. Narayanagowda and others paid their last respects to the departed leader.

Chinakurali located on Mysuru-K.R. Pet Main Road, observed a voluntary bandh on Thursday as a mark of respect.

House burgled in Rajivnagar

Mysuru, Sept. 9- House burglars, who broke into a house in Rajivnagar 1st Stage, 7th Cross, have decamped with gold ornaments worth Rs. 1.40 lakh from the house.

The burglary took place at the house of 71-year-old Abdul Sattar. On Aug. 21, Abdul Sattar, along with his wife had gone to their son's residence in Bengaluru and returned on Sept. 5 afternoon only to find the front door forcibly opened. When they examined the house, the burglary came to light. Udayagiri Police, who have registered a case, are investigating.

50 percent of deaths are due to non-epidemic diseases: Dr. C.N. Manjunath

Mysuru, Sept.9 (RKB&DM)- Stating that more than 50 percent deaths in the country are due to non-epidemic diseases such as Heart attack, Blood Pressure, Diabetes, Paralysis, Cancer and Life-style driven diseases, Jayadeva Institute of Cardiovascular Sciences and Research Director Dr. C.N. Manjunath expressed concern that 10-15 year premature deaths are rising in alarming proportions across the country.

Jayadeva Institute of Cardiovascular Sciences and Research Director Dr. C.N. Manjunath flanked by MDJA President S.T. Ravikumar and General Secretary M. Subramanya during an interaction meet this morning.

He was speaking at an interaction meet organised by Mysuru District Journalists Association (MDJA) here this morning.

"Addiction to modern electronic and communication gadgets such as Mobile, TVs, Internet, Laptops etc., what we call as **screen addiction** is taking a terrible toll on the life of humans. According to a recent study, people of less than 45 years of age in the State account for more than 30 percent of heart attacks, which is a matter of serious concern. Smoking, alcohol and drug abuse are also the primary causes for heart attacks", Dr. Manjunath said.

Underlining other causes for heart attacks and cardiac arrest, Dr. Manjunath said that changing life-styles, work pressure and the pressures of life are the main culprits. Pointing out that sky-high goals, anger, depression, high cholesterol levels, rising sugar levels, air pollution, drug abuse, excessive consumption of energy drinks, hereditary causes, Genetic disorders etc., too play a significant role in heart attacks, he said according to a survey, nearly 60 percent of the population is suffering from heart and heart related ailments, which issue needs to be addressed at the earliest.

He advised people of all ages to undergo periodical health check-ups as doing so will largely help people save from sudden deaths. He said people should shun junk and fast foods as much as possible and also shun other habits which pose a threat to life in the long run.

Explaining heart treatment facilities at Jayadeva Hospital, Dr. Manjunath said that Jayadeva Hospital has the largest number of Cardiology experts (105 in number) in whole of the country. Pointing out that the Hospital has adopted a practice of 'Treatment first, payment next', he said that there are many cashless treatment facilities at the Hospital, which the people should take note of.

He also explained on how walking and jogging every day for some time, good sleep, positive thinking and laughter will be advantageous in maintaining our physical and mental health.

Expressing concern over rising number of deaths in road accidents, Dr. Manjunath had a suggestion to the concerned authorities. He advised installation of reflectors on vehicles for better visibility of oncoming vehicles, which he said can considerably reduce the number of road accidents.

Mayor goes on city rounds

(Continued from page 1)

Chamaraja MLA L. Nagendra has brought in over Rs. 300 crore grants from the Government for road repairs and other development works in his Constituency. Likewise, funds will be allocated to Krishnaraja, Narasimharaja and Chamundeshwari Constituencies too and works will begin soon after the rain stops and before Dasara. The work orders have been issued and there is a delay due to rains," the Mayor said.

Directions have been issued to MCC Zonal officers to identify the roads that are in bad shape and ridden with potholes. There are many roads where drainage water leaks and flowing along the pedestrian walkways. Officers have been asked to listen to public grievances also, he added.

It may be recalled the then MCC Commissioner David Syiem (1977-1979) had made headlines when he sat on the pillion of a tax-payer's scooter who had complained about bad roads and rode around the city for inspection.

61st Heritage Music Festival at 8th Cross V.V. Mohalla

Varijashree renders rare compositions

By Dr. Padmavathi Narasimhan

Varijashree Venugopal presenting a vocal concert at 8th Cross, V.V. Mohalla, last evening as part of the 61st Heritage Music Festival organised by SPVGMC Trust. She is accompanied by Vid. Mattur Srinidhi (violin), Vid. A. Radhesh (mridanga) and Vid. Shamit Gowda (ghata).

Popular singer Varijashree Venugopal presented a vocal concert at 8th Cross, Vanivilas Mohalla on the 8th day of the music series last evening. She was accompanied by Mattur Srinidhi on violin, Radhesh on mridanga and Shamit Gowda on ghata. Rare compositions not much heard in the concerts these days marked the concert.

Hailing from a family where music is a family legacy, Varija is a born singer. More popular in the light music circle for her exquisite songs, the influence of light music is clear in her Karnatak concerts. Her voice texture too supports this fact.

Varijashree started the concert with Deekshitar's 'Vighneshwaram bhajare manasa' in Malahari wherein she essayed fluent swaras for the madhmakala sahitya 'Bhutaganadi sevitam.' 'Nanda Gopala Mukunda' again from Deekshitar was a pleasant surprise. 'Amba Paradevate' of John Higgins fame came next, which was another rare treat. Varija proved her skill in the choice of the complicated place for swaras at 'Devate' effortlessly and Srinidhi followed suit.

'Paahi Krishna Vasudeva Dehi Sadgatim' is a composition of Vasudevachar which is said to have been composed when he lost his wife. Varija selected this composition after a brief alapana of Behag loaded with a few rare phrases, some of which seemed to be strongly influenced by instrumental music. Srinidhi's Behag was more classical. Bilahari brought another surprise with 'Narasimha nannu brovave' set to Mishra chapu, a not-much-heard composition of Sri Tyagaraja, which was also suffixed with good swaras both by the vocalist and by the violinist.

The toast of the evening Hindola, presented as RTP for more than half-an hour, had everything in it. The Raga rendition reminded one of Varija playing the flute repeatedly. 'Neela megha shyama Krishnam Bhaje Madhura Muraleeganalola' formed the text of the pallavi. Varija excelled in kalpana swaras where she chose a different raga for each aavarta and then dividing it again into half and quarter, which ranged to more than a dozen ragas. It must be acknowledged that this is attained only with hard practice. Taniyavartanam by the two youngsters of Mysore — Radhesh on mridanga and Shamit Gowda on ghata — won good appreciation. Varija concluded the concert with two devaranamas 'Venkatachala nilayam' in Sindhubhairavi and 'Jagadoddharana' in Kapiby Purandaradasaru.

The concert was a good blend of control and spontaneity. Varija can sing open-throatedly in classical concerts.

Felicitation to Brahmana Mahasabha State President in city tomorrow

Ashok

Mysuru, Sept. 9 (RKB&DM)- Akhila Karnataka Brahmana Mahasabha President Ashok Haranahalli will be felicitated at a programme organised by Mysuru City and District Brahmins Association, along with Mandagere Manjunath Abhimanigala Balaga, at Hoysala Karnataka Sangha premises on N.S. Anathalaya to present Thathaiah Award-2022 to 'Software Ratnakara' Dr. S. Murali tomorrow

By C. V. Gopinath
President, Anathalaya and former Additional Secretary to Government of India

M. Venkatakrishnaiah

Dr. S. Murali

The Anathalaya on Narayana Shastri Road, Mysuru, founded in 1896 to serve the poor students, this year is celebrating Thathaiah's Day at 4 pm on Saturday, 10th September 2022, at the Anathalaya premises.

The celebration coincides with the commemoration of the 178th birth anniversary of its Founder, the Grand Old Man of Mysore, Vrudhapitamaha, Daya Sagara, M. Venkatakrishnaiah.

Every year on the occasion of the Founder's Day, the institute confers Thathaiah Award which carries a purse of Rs. 25,000. The award is conferred on persons of high achievements in the field of education, journalism, social reforms and service to society. This year's award will be conferred on Dr. S. Murali, renowned Educationist and Eminent Computer Engineer popularly known as "Software Ratnakara."

Profile: S. Murali holds a Ph.D in Computer Engineering from University of Mysore (UoM) with a teaching experience in engineering subjects for more than 33 years. He has to his credit more than 250 research papers at National and International levels. Murali has conducted several workshops on Computer Vision and Image Processing technology. He has guided more than 16 Ph.D scholars. At present he is serving as Chairman of two Technical Colleges, twenty Degree Colleges, two MBA Institutes, one each of Ayurvedic Degree College and Nursing College. Murali has received many national and international awards.

Thathaiah and Anathalaya

Hailing from Magge village in Anatharasanthe hobli of H.D. Kote taluk in Mysuru District, Magge Venkatakrishnaiah, popularly known as Thathaiah, and always referred as the Grand Old Man of Mysore established this institution in 1896. He came from a very poor family that migrated to Mysore and was joined by several like-minded people such as Ambale Annaiah Pandit, C. Narasimhaiah and others to serve the cause of poor students.

Initially, Anathalaya was established by Swami Nanjunda Saraswati at Niranjana Mutt premises on Krishna Vilasa Road. Later some land was allotted near Subbarayanakere on Narayana Shastri Road. At this stage, Thathaiah took charge of this institution when over a period of time Advocate K. Chandrashekharaiah, Chartered Accountant P.R. Hariharan, landlord Mirle Najundaiah, Prof. S.V. Ranganna and Thathaiah's grandson, M.S. Srinivasa Rao joined the humanitarian crusade by making major contributions to develop this institution for serving the cause of poor students coming from villages in and around Mysore district.

Among the alumni of this institution who have made a mark in their lives with high achievements and meritorious public service include well-known names like C. Narasimhamurthy, IAS, Keshavamurthy, Economist, S.L.N Simha, Actor, S.R. Rao, Space scientist, Dr. G. Ramakrishna, Thinker, Saraswati Samman awardee and novelist Dr. S.L. Bhyrappa, senior RSS leader N. Krishnappa and C.V. Gopinath, former Additional Secretary to Government of India. Their work and attainments project the calibre of the products of this institution.

Presently, Anathalaya also runs a separate hostel for girl students on a building offered free of cost from the endowment of P. Hariharan Charitable Trust.

When my friend asked me for a loan of one rupee...

C. V. Gopinath

I am proud to be the alumnus of this great institution (Anathalaya). I was a beneficiary of this organisation during 1960-61. It taught me values and discipline.

I had a friend by name Anatharamu staying in the same institution who later retired as Principal of Hardwicke High School on JLB Road. My dear friend is no more.

One day he had asked me for a loan of one rupee and I hesitated to give him thinking that he may not return the money. One rupee was a very precious possession then. Simultaneously I also did not want to disappoint my friend. So I got a letter written by him that he owes me rupee one as a loan which he promptly did and took the money.

On his return from the village he paid me back my amount. A few months later there came an occasion that I wanted a loan of two rupees from him. He gave me the amount straight away. Sheepishly, I wanted to give a letter to him owing the loan. But he held my hand and said that he believes me. That day I had learnt a lesson of my life to believe a person.

Later when I was a Project Director during mid-80s, working for Government of India, my subordinate brought me a file for an approval of an expenditure of Rs. 3 crore. Without reading the file I approved the expenditure. My subordinate was scared and he asked me to take my own time, read the file and then approve it.

I told him that he cannot go wrong and I believed him. It was my subordinate's turn to say that he will re-assess the expenditure and come back again with a fresh proposal.

He did come back by reducing the expenditure by Rs. 30 lakh. He said he felt that I may not approve the expenditure and may not agree with him and hence he jacked up the figures for bargain to get the real expenditure. He said that in future he will not repeat such conduct. The lesson learnt was: 'You believe a person and the trust will be reciprocated.'

My experience of college days in Anathalaya have moulded me and even inculcated values like kindness, compassion, co-operation and empathy for others. I attribute it to this great institution and the creative environment in which we were brought up. **—C. V. Gopinath**

WORD OF THE DAY

Brandish

Pronunciation: BRAN-dish.
Meaning: To brandish is to shake or wave something, such as a weapon, in a menacing manner. In figurative use, it is to exhibit something, such as one's intellect, ostentatiously or aggressively.
Origin: Often when we encounter the word brandish in print, it is followed by a word for a weapon, such as knife or handgun. That's appropriate given the word's etymology: it is a descendant of the Middle English braundisshen, which comes from the Anglo-French brant or braund, a word of Germanic origin meaning "sword." Nowadays you can brandish things other than weapons, however. The figurative usage of brandish rose alongside its earliest literal usage in the 14th century. When you brandish something that isn't a weapon (such as a sign or a letter), you are in effect waving it in someone's face so that it cannot be overlooked.
Example: "If someone is caught by police brandishing an imitation gun in a public place, they could face fines, an arrest or have the object seized by police." — The Daily Chronicle

THE ODD WORD

Bagarre
Scuffle or brawl.

PHRASE OF THE DAY

The bigger they are the harder they fall

Meaning: You use the expression 'The bigger they are the harder they fall' to indicate that the more powerful or successful someone is, the more disastrous a loss is to accept.
Origin: The origin of the phrase 'The bigger they are the harder they fall' is believed to have come from the sport of boxing. Not surprisingly, there were earlier expressions that meant the same thing and used similar wording. One of the first recorded incidences is in the poet Claudian's Rufian, essentially translating to "Men are raised on high in order that they may fall more heavily."
Example: "The Ravens are bitter about losing the championship game. The bigger they are, the harder they fall!"

QUOTE BOX

Attitude is a little thing that makes a big difference. **—Winston Churchill**
